

28 DAYS OF DOODLING FOR ALL AGES

MY

DOODLE

DIARY

*clear the creative cobwebs
during lockdown...*

Well, this is a strange time isn't it? Suddenly we're all stuck indoors and desperately trying to find stuff to keep us occupied!

So, I've created My Doodle Diary as a simple and fun way to escape the boredom and let your imagination out of quarantine!

Each day you get a theme for your doodle, so you can keep it super simple, or go as crazy as you want! This is NOT about becoming the next Picasso, it IS about expressing yourself!

It's designed for all the family to enjoy; a chance for some laughter and the perfect activity for helping to keep your mental health in check. Studies show, that creating and looking at art can reduce cortisol, the "stress hormone".

So, print one off for each member of your household and get doodling!
